

Our families are very special to us at HETTY. Our families can be very different, a bit like a cake! The ingredients might be different but the cake is yummy all the same!

We tell each other at HETTY about special days and festivals. Some of us celebrate Eid, Diwali, Christmas, Easter, Valentine's Day, Bonfire Night.

We love to talk about our similarities and differences, what makes us special and unique.

On Chinese New Year we have great fun parading around the school in our Chinese dragon. We shout 'Gung hay fat choi!' then come back to HETTY to eat noodles with chopsticks!

Mutual respect and tolerance for those with different faiths and beliefs

We provide opportunities for the children to make links with the wider community, eg. outings to the park, shop or post office, people coming in to visit us such as the police, the fire brigade, the nurse.

Freddie Fox has lots of friends who travel around the world and find out about all sorts of countries and cultures. We watch the films he shows us, taste the food and sometimes even sing the songs he has learnt.

We create an environment that promotes different faiths, cultures, views and races.

Did you know that in the UK we have lights around our house at Christmas time, just like Hindus do at Diwali. We had fun making our Diva lamps at HETTY and we love tasting ladoo and trying other yummy foods from the Muslim faith too.
