

October 2018

Thank you for your ideas around our 'All About Me' topic and also for the fantastic booklets you have returned to HETTY. We have loved reading them with your children and getting to know them better.

Over the next few weeks, we will be starting some new topics based on **Food, The Gingerbread Man, Children in Need, Bears and Celebrations**. We will be baking, exploring outside and reading lots of different stories. We will also be painting, modelling, dancing, and looking at nature and different foods we find around this time of year as well as **SPOTS and Patterns in general** (courtesy of Pudsey Bear!). Please keep checking the HETTY windows and website for information.

We have also decided to celebrate HARVEST at HETTY and we will be looking at where food comes from. We would love it if you could **donate some non-perishable foods** that we could collect together and then pass on to the Chester food bank which helps to feed local people who are struggling to feed themselves. Please see <http://chesterellesmereport.foodbank.org.uk/> for further details.

Here in HETTY, we focus on child initiated learning and building topics based around the ideas of the children. We are therefore encouraging the children to contribute their own ideas towards our topics. Please discuss these themes further with your child at home. Your child might like to bring music, books or resources to school to aid their learning. Please ensure any items are labelled clearly with their name.

We look forward to busy and exciting weeks ahead!

Mrs Chester and The HETTY Team 😊

Please record any of your child's or your own ideas about food, bears, spots/patterns and celebrations that we could talk about and use in our lessons and hand this section back to Mrs Chester or your child's keyworker.

Thank you.
