

We are all special at HETTY and we love it when our teachers tell us that we are!  
(And they do tell us ..... a lot!)

We love to tell each other about things we have done that are great like building a tower, doing a poo on the toilet ourselves or sleeping in our own bed at home! Sometimes we write it down and put it on our celebration board.

When we are small, we like to ask lots of questions so that we can find things out. At HETTY we can ask all sorts of things and we can talk about what we believe too.

# Individual liberty

Being a little person can be scary at times but at HETTY we are encouraged to try out new things, be brave and have a go!

Sometimes we have different thoughts or ideas to our friends at HETTY, but that's ok because we are all different but all just as important.

During our sports day in the Summer, our family come to cheer us on in our races. They even have a go themselves! Everyone gets a medal because we have all tried hard.

Sometimes we go into the hall for sports. We have great fun exploring new techniques, trying out new apparatus, taking risks and being made to feel great about ourselves! We are all little superstars.

Here at HETTY we love looking at books and sharing them with each other. We talk about our favourite stories and how they make us feel. What is your favourite story? We'd love to hear about it. How does it make you feel?
